

# LARS BENEDETTO

## PROGRAMMER

### ABOUT

Programming is my passion. It sounds cliché, but it's true. When I have free time, I write code. What I love most of all is finding an open source project and involving myself in the community. I think the best part of programming is collaborating on a project with friends

### WORK EXPERIENCE

#### VIP Traders

<https://www.vipautoimporters.com/>  
October 2016 – November 2017

#### Software Developer

VIP Traders is a United States company specializing in the import and export of used and slightly-used vehicles and equipment

#### Highlights

- Build an Android app for scanning VIN bar-codes into an cloud spreadsheet
- Build a file location tracking system using Java Swing and SQL
- Design other small office automation utilities
- Provide general tech support

#### Spokane Public Schools

June 2014 – August 2014

#### Programming Instructor

Teach middle school age students to program at summer camp

#### Highlights

- Designed a lesson plan for teaching approximately 25 students the basics of programming through AppInventor and Scratch
